With Mitchell That the Best Thing for the Miners to Do is to Return to Work at Once. Strike News.

Tamaqua, Pa., Oct. 17.—All eyes are turned toward next Monday, when the miners will decide the question of returning to work. It is feared by many in position to know the sentiment in Panther Creek Valley, at the delegates will go instructed to reject the operators' proposition. They don't want to go to work without a substantial guarantee at the post. Unions here will elect their delegates this afternoon.

Statistics Show an Increase of Fifty Percent Over the Year 1899.

Washington, October 17.—Export figures for September are considered extremely encouraging by the treasury bureau of statistics. They show exports in September, 1902, to be \$115,521,984, against \$109,989,926 in September, 1901 and \$115,901,722 in September, 1900, the highest figure ever shown by September exports. Comparing the present conditions with those of earlier years, the figures for September, 1902, are 25 per cent in excess of those of September, 1898 and 50 per cent greater than in 1899.

# PROFESSOR

Says the Rate of Expenditure is Too Low.

New Haven, Conn., Oct. 17.—The fifty-sixth annual meeting of the Connecticut State Teachers' association was held here today with an attendance of leading educators from all parts of the state. At the general meeting held this morning in the Hyperion Theatre the principal address was delivered by President C. W. Elliott, of Harvard University, who took as his subject, "The Present Rate of Expenditure in Public Schools is Much Too Low." The early part of the afternoon was devoted to sectional conferences, at which a variety of subjects of interest to teachers in the various branches of learning were discussed. Later in the day, a general session was held in the Center church at which the principal feature was an address on "Teachers' Retirement Fund Gild," by Elizabeth A. Allen, of New Jersey.

# GREAT DEMAND

Is Testing the Capacity of Stove Makers.

Chicago, Ill., Oct. 17.—Stove manufacturers of the Central West are swamped with business. The demand for soft coal stoves and oil and gas heaters is the greatest ever known. Dealers predict a serious shortage of soft coal stoves if the anthracite strike should continue. The demand for hard coal stoves is scarcely large enough to warrant manufacturers in placing them with the jobbers and retailers. The Chicago managers of the Standard Oil company doubts the ability of the company to meet the demand.

Patients are Reported Improving.

Their Condition Found Encouraging Today.

West Spring Street School Building Thoroughly Fumigated Under Direction of Health Officer.

On account of the recent development of two cases of diphtheria in the west end, and because one of the patients was a pupil at the west Spring street school building, Supt. Miller today arranged with health officer Dr. McCall and had that school building very thoroughly fumigated. It is believed that there is absolutely no danger of any further spread of the disease from this source. The two diphtheria patients, the sons of Mr. and Mrs. D. L. Bower, of west High street, Robert, aged 12 years, and Harold, aged 5 years, were reported by the attending physician to be getting along very nicely and their present condition is very encouraging.

# HANNA

Is Not Very Happy Over the

# New Code Bill

As Reported from Conference Committee.

As to the Franchise Features the Big Boss is Pleased.

But There are Other Dispositions Which Got Away from Him. A Vote is Expected Tuesday.

Columbus, O., Oct. 17.—(Special)—In defiance of time honored rules, the conference committee wiped out all city boards of equalization and have left the law in such shape that in every city of the state necessity will compel the appointment of a board of review by the state auditor under the Longworth ripper of last winter.

It is reported that Senator Hanna is very much displeased with the code bill as it now stands, and has frankly informed General Dick to this effect, intimating that the bill goes a step further than the people of the state will stand.

The conference committee is very busy engrossing the amended bill, being very careful that the amendments offered, and adopted in committee are inserted in their proper places, correcting the phraseology, etc. It is hardly probable that the bill in the shape of a report of the conference committee will be placed upon its passage before Monday or Tuesday. The new bill, for such it practically is, will be presented to the house in the nature of a report and the question will be "Shall the report be agreed to?"

It is rumored that Speaker McKinnon would cut off debate on the bill when reported back in order that it might be rushed through, and the session adjourned, but he emphatically denies the rumor, and states he will allow full discussion of the measure.

**Lawyers Growing Impatient.**  
Courts and lawyers are growing very impatient at the delay of the general assembly in repealing the Royer act of last winter, which had the effect of making the circuit courts of last resort, in 95 per cent. of the litigation in the state. Governor Nash in his message stated that this was one of the purposes for which the special session was convened, and urged immediate action. Two measures for the repeal of the Royer act were promptly introduced, one in the house by Mr. Guerin, and one in the senate by Mr. Royer. The former restored the old law of 1898, which fixed the old statutory limitation of \$300 on the cases that could be taken to the supreme court on error, and the bill of Mr. Royer removes all limitations. The house passed the Guerin bill which was defeated in the senate when messaged over to that body, and a similar treatment was accorded the Royer bill by the house. It now looks like the question involved is whether the repealing act shall bear Guerin or Royer's name.

**Calls it a Conspiracy.**  
Senator Royer states that he will urge the adoption of his joint resolution offered in the senate Wednesday asking for the appointment of a commission to look into the coal situation in Ohio, and ascertain who is responsible for the "conspiracy," he puts it, which has sent coal up to an intolerable figure.

# AN ECHO

Of the Coal Strike Heard in New York.

New York, Oct. 17.—There has been such a demand for oil stoves for cooking and heating within the last few days that the manufacturers are unable to fill the orders that have come to them. Many of these orders are from out of town. Any kind of an oil stove is acceptable, whether it is up to date or the kind used at the time the oil stoves were first invented. And in a majority of cases those who are buying them are paying 20 per cent. more to the manufacturers than they paid last year, when there was no coal strike.

# LAURIER AND WIFE ARE COMING BACK

After a Visit with the Nobility of England and Scotland.

London, Oct. 17.—Among the passengers of note who have booked passage on the outgoing steamers sailing tomorrow are Sir Wilfrid Laurier, the Canadian premier, and Lady Laurier. Sir Wilfrid came over to represent the Dominion at King Edward's coronation, in company with a party of other noted Canadians. During their stay he and Lady Laurier have been the guests of the Earl of Aberdeen and other persons of highest station both in England and Scotland. Business, however, has not been neglected for pleasure and it is believed that Sir Wilfrid, by his diplomatic tact and personal popularity, has accomplished much in promoting the interests of the Dominion not only in the mother country but also in France, where the Canadian premier conducted successful negotiations with M. Delcasse, the French Foreign Minister, on the subject of a Franco-Canadian commercial treaty.

# WANTS OUT OF PRISON

Mrs. Van Liew, the Van Wert Vitriol Thrower,

After Having Served Out a Small Portion of Her Twelve Years Sentence for a Crime That Caused the Death of a Young Girl.

Columbus, O., Oct. 17.—(Special)—The application for a pardon for Mrs. Van Liew, recalls a crime that a very short time ago occupied much space in the newspapers of the state. The prisoner is the wife of John Van Liew, of Van Wert county, former clerk of the courts of that county. While in this position the husband employed a young woman as stenographer. The wife thought the relations between the husband and the girl were not as she would have them, and while laboring under a strain of intense jealousy, it is supposed, that she threw vitriol in the young woman's face, burning out her eyes, and terribly burning her face, which was said to have been a very beautiful face. The young woman lived three weeks and then died a most agonizing death. Mrs. John Van Liew was convicted of the crime and sentenced to 12 years in the penitentiary. Since then powerful influences, especially lately, have been brought to bear to have her pardoned. Whether or not she will be, now is a doubtful question, but the influence at work is very strong and powerful.

**Interesting to the Farmers.**  
Acting under the law of last winter, intended to give the farmers of counties in which there was no agricultural society, a voice in the state agricultural convention. Secretary W. W. Miller, Samuel Taylor, of this county, and ex-Senator T. A. Cropley, of Pickaway, acting as a committee of the state board of agriculture, have adopted rules under which the law will operate. They have ordered that on the last Saturday in November, each year, at 2 p. m., the presidents

of the county institutions, will meet in the office of the auditor of the county, and by a ballot elect a delegate to the annual agricultural convention. The Registration Large in Columbus. The indications are that there will be in the neighborhood of 35,000 voters registered in this city this fall, indicating that the vote in this city will be very large. Both parties appeared pleased with the large registration, and both claim to see in it the success of their ticket. That there will be a large vote appears probable, but one of the two parties is sure to be disappointed regarding the success, end of it.

**Fight Between Salmos and Gamblers.**  
The retail liquor dealers have held a meeting and decided to protest against the discrimination against merchandise slot machines and to form an organization to fight the movement of the present administration for the prevention of the operation of the trade slot machines, while farm and crap games are permitted to be run with-out molestation on the part of the city authorities. The saloon keepers say that they do not propose to be discriminated against in favor of the professional gambler. The law and order league, composed of representative citizens and reputable business men, are standing back watching the fight between the saloon keepers on one hand and the gamblers and city administration on the other, and profess to see much good that will accrue from the fight between these two elements which heretofore have operated together very smoothly.

## A Returned Missionary from Japan

## Will Deliver an Address at the Closing Session Tonight.

J. W. Hawkins of East Kibby Street, Creates Excitement. General and Personal Information.

Grace M. E. church was filled last night by an interested audience assembled to witness the exercises of the district convention of the Women's Foreign Missionary Society. The program began with the singing by the congregation of the hymn entitled, "Joy to the World." Mrs. Marsh, of Delphos, read the scripture lesson of the evening. She was succeeded by Rev. J. M. Mills, D. D., of this city, who delivered a fervent prayer in which he invoked divine blessings upon the society now in convention. He enumerated the various purposes of the society in which the organization is so zealously laboring, praying that their every endeavor be rewarded with deserved success. Miss Foxworth then sang beautifully a solo which appealed favorably to the large audience. Her vocalism was of an exceptionally high order. Mrs. George Hall, president of the convention, next introduced Mrs. DeWitt, of Cincinnati, who delivered the address of the evening. She is a lady prominent in the state organization, by virtue of which fact she was enabled to speak interestingly of the purposes of the association. She began with a comprehensive discussion of the home department, from which she turned to the foreign field, which claimed the larger portion of her attention. In conclusion she spoke of missionary work in general relating many instances and presenting illustrations to prove the necessity of the existence of these several missionary societies, which she convinced her audience were accomplishing great domestic and universal deeds of philanthropy and evangelization. Mrs. DeWitt is a lady of excellent address. Her lecture last night had a strong tendency to

arouse and renew an interest in the missionary cause, that will culminate advantageously to the organization, whose delegates are now in convention, to devise plans for the greater benefit of those in foreign lands for whom they are laboring so earnestly. The discourse was a remarkable incentive to even greater efforts than before. The speaker disabused the minds of her audience of any prejudice they may have entertained for this important department of church work. She demonstrated how necessary it was, if true Christians desired to perform their whole mission toward mankind. The address was interesting, instructive and an eloquent plea for benighted creatures in foreign lands. At its conclusion Miss Ada Brookhart and Mrs. Hammond, of Grace church, rendered admirably a duet, that was enjoyed by all. A substantial collection for missionary purposes was taken, after which Rev. E. T. Bowdell pronounced the benediction dismissing the congregation.

**Morning Session.**  
The second day of the convention began auspiciously at nine-thirty this morning. The attendance today was larger than yesterday morning, all the delegates having arrived. Today's exercises were inaugurated with renewed enthusiasm. After the delegates had sung in unison, "Work for the Night is Coming," Mrs. Effer, wife of Dr. Piffer, of Elgin, read the morning lesson from the scriptures. Rev. G. W. Anderson, of Epworth M. E. church, delivered the invocation which was earnest and devout. One of the first number of importance upon the program was the presentation to the convention of the memorial in commemoration of the late, lamented Mrs. J. M. Mills, the esteemed wife of Dr. Mills, the presiding elder of the Lima district. The formal tribute of respect was read by Mrs. M. M. Figgley and Mrs. A. S. Rudy. Mrs. Figgley's portion of the exercises dealt with the home life of the deceased, of whom she spoke in tender terms, commending especially her patient suffering and calm resignation, in time of sickness, and at the hour of death. The tribute paid was a handsome one deeply affecting the entire congregation. Mr. Rudy considered more particularly the deceased's connection with church work, especially her labors in the missionary department. Many instances of her devotion to the cause in which she was a conscientious laborer, were related. Her numerous acts of kindness and charity were briefly reviewed. By her death the society lost one of its most valued members. Mrs. Rudy's essay contained many touching references to the noble Christian woman, to whose truly admirable life it was difficult to pay a tribute commensurate with its grand examples and sweet influences. Following the memorial services the Van Wert ladies quartette rendered excellently a beautiful selection of an inspiring nature. Mrs. Bell, wife of Rev. Bell, of Celina, read an essay entitled "The Cry of the Heavens."

It dealt with the conditions and environments of those whom the foreign society are endeavoring to save and bring into the light of civilization and Christianity. The burden of the plea was for the members of the society to hasten to renewed activities in this great humanitarian enterprise. From a literary, as well as other view points, the paper was one of the most excellent yet submitted. The literary symposium entitled, "Via Christi" rendered by Mesdames, Nicodemus, of Salem Briton, of Spencerville and Chivington of Mercer, was a novel and instructive feature. Way of Christ is a course of study for those of the missionary societies. The symposium was a comprehensive resume of all the important matters contained in the book the past year. The presentation of the subjects in this manner was an original idea of an instructive and entertaining nature.

**Afternoon Meeting.**  
The afternoon session began with the usual scripture reading and prayer by Mrs. James Fife, of north Union, and Rev. Berry. Mrs. Helstead, of this city delighted the audience with a superb vocal solo, after which the report of the several committees appointed yesterday were received. Theoburn Kings Daughters of Trinity M. E. church rendered a pleasing musical selection. After the report of the branch meeting at Columbus, the ladies chorus of Grace church entertained the delegates with a well rendered selection. Miss Vincent, of Lima, rendered acceptably an appropriate elocutionary number, which pleased all who witnessed the effort. Shortly after this the convention adjourned until this evening at 7:30. Tonight at the closing session Miss Anna V. Fing, of Kansas City, a recently returned missionary from Japan will deliver a lecture upon the work in that country.

**Hard Fall.**  
H. G. Baringer, of Greenlawn avenue, while employed at the refinery yesterday, fell from a tank, painfully spraining his right arm. The injury will detain him from work several days at least.

**Attended Camp Fire.**

The south Lima lodge of Pathfinders are arranging for an entertainment to be given at Solar lodge room next Tuesday evening.

**An Operation.**  
Miss Orpha Griffin, of Elgin, who is visiting local relatives, underwent a severe operation yesterday to obtain relief for badly injured eyes. The operation was entirely successful.

**Started Trouble.**  
J. W. Hawkins, a colored resident of east Kibby street, created much excitement at his home Wednesday night, when, according to the allegations of members of his family, he came to their place of residence while in an intoxicated condition and abused them shamefully. It is represented by one of Hawkins' young sons, that his father chastised him unmercifully shortly after returning from a night's orgie. Mrs. Hawkins, also avers that her husband abused her finally compelling her to leave the house at a late hour. She took refuge in a straw shed until her irate husband permitted her to return to the house. She claims that frequently before, when drunk, he has been in the habit of driving her from their home. The children of the family, who have been repeatedly mistreated by their father, yesterday complained to the police. It is probable some action will be taken by the proper authorities whereby the children who have been sadly neglected in many ways may be properly cared for. Hawkins is an intelligent negro, who when sober is gentlemanly, being quite talented.

**Lodge Event.**  
Wednesday evening Solar lodge of Odd Fellows conferred the first degree upon Frank Cosart. The work was witnessed by a number of visiting brethren from Elida, Spencerville

and Lafayette. After the initiation a social session was enjoyed. The event was a pleasant one.

**New Industry.**  
John Walter, who came to south Lima from Elliptoville, N. Y., several weeks ago has established a planing mill at the rear of south Main street, near the railroad yards. Considerable of the machinery has already been put in place ready for operation, which will begin soon. The new concern will employ quite a large force of workmen.

**Will Conduct Hotel.**  
C. C. Carey, formerly of this city, but now of Ada, was here yesterday to complete arrangements for going to Erie, Pa., where he with his son Charles, will engage in the hotel business. The latter has had much experience in the conduct of hotels, having been employed as manager of one at Findlay for some time. Both gentlemen have relatives and friends in south Lima, who wish them success in their new enterprise.

**Will Build.**  
W. C. Boggs, of Columbus, has purchased three lots upon Third street intending to build residences upon them for rental purposes.

**To be Continued.**

The special evangelistic services which have been in progress all this week at the south Lima Baptist church, have proven so satisfactory that it has been decided to continue them another week at least. Rev. Schmitz has delivered some masterly discourses, having favorably impressed large audiences each night. There has been a thorough religious awakening. Mr. W. E. Houghton, the singing evangelist delights all who hear him.

**Personal.**  
Dr. P. P. Pope, pastor of the Methodist church at Van Wert, is a guest at Rev. W. J. Hagerman's.

## FEAST Of the Tabernacles Being Celebrated.

Jewish congregations all over the world celebrated last evening the opening of the feast of tabernacles. The ceremonies will continue eight days and services will be held on the first and last days.

The feast stands in the Jewish religion for something like the American Thanksgiving day. It commemorates the divine protection of the people of Israel during their 40 years' sojourn in the wilderness, during all of which time they dwelt in booths and thus gave the name to these memorial services.

Coming in the harvest time, as it does, it is called the feast of ingathering. The festival is held to invite the Jews to rejoice in the Lord.

## WHAT CAUSES DANDRUFF.

Greatest European Authority on Skin Diseases. Says It's a Germ.

The old idea was that dandruff is scales of skin thrown off, through a feverish condition of the scalp. Prof. Unna Hamburg Germany European authority on skin diseases says dandruff is a germ disease. The germ burrows under the scalp, throwing up little scales of cuticle, and sapping the vitality of the hair at the root. The only hair preparation that kills dandruff germs is Newbro's Herpicide. Destroy the cause you remove the effect. Not only cures dandruff but stops falling hair and causes a luxuriant growth. Delightful hair dressing. Send 10 cents in stamps for sample. # LARGEST SEASON

Ever Known in Export Business in the United States was That of the Year 1901.

Washington Oct 17.—(Special)—The export figures for September are extremely encouraging. They are the largest ever shown for September with the single exception of that month in the year 1900 and fall less than a half million dollars below the high water mark made in that year. The figures as just presented by the treasury bureau of statistics show the total exports in September 1902 to be \$115,521,954 against \$106,489,122 in September 1901 and \$115,011,222 in September 1900 the highest figure ever shown by September exportations. Comparing present conditions with those of earlier years the figures for September 1902 are 25 per cent in excess of those of September 1899 50 per cent greater than those of September 1890 more than double those of September 1885 and nearly three times as great as those of September 1885. This seems to indicate that the downward tendency in the export trade caused by the corn crop failure of last year has reached its lowest point and that the reverse has begun. Following the failure of the corn crop last year the exports tended steadily downward. Beginning with October 1901 in which the export figures were 145 million dollars the movement was steadily downward until they reached 88 millions in July of the present year. In August the upward movement began, reaching 94 millions and in September 115 millions which is about 9 millions in excess of September of last year.

This decrease in exports, as is well known was due to the corn crop failure of last year and to the low price of cotton and while the new corn crop has not yet begun to make its appearance in the export figures of

the bureau of statistics the movement of the new cotton year has been active and is the principal cause of the upward trend in the export figures. The cotton exports for September were 347 million pounds valued at 31 million dollars in round terms against 200 million pounds valued at 16 million dollars in September of last year and less than 200 million pounds valued at 20 million dollars in September of the preceding year 1900. Even broadstuffs show a decidedly upward tendency in the export movement during September the total value of broadstuffs exported in September 1902 being 22 million dollars, against 12 millions in June and 21 millions in September of last year.

The above figures relating to cotton and broadstuffs it should be understood are those of the preliminary statement of the bureau of statistics, but include 98 per cent of the entire export of the articles named, while the figures of the total exports of the month, to the usual revision.

The following table shows the September exports in each year from 1898 to date:

September	Total Exports
1898	\$ 51,931,584
1899	64,996,083
1900	68,693,137
1901	82,854,065
1902	62,908,483
1903	72,026,798
1904	58,798,675
1905	58,540,063
1906	85,131,006
1907	104,540,912
1908	90,645,337
1909	109,896,677
1910	115,901,722
1911	66,969,926
1912	115,021,884

Police are Notified But They are Unable to Find Either the Thieves or the Man Who was Robbed.

The police are at work this afternoon endeavoring to run down the rumor of another bunco game that is reported to have been pulled off by some unknown crooks in the vicinity of the "diagle" on Pennsylvania avenue. An old man who was evidently from the country, went into Henry O'Neill's place near the C. H. D. depot shortly after the noon hour and told some of the men about the place that a couple of strangers, one of whom had flashed a big roll of supposed money had fleeced him out of all the money he had, the amount not being stated. The matter was reported to the police but at 3 o'clock this afternoon they had been unable to locate either the thieves or the man who was reported to have been robbed.

## Hard Buying That Makes Easy Selling.

Quality in merchandise is a tangible fact to those who know and to those who really compare. The greatest encouragement we have in our merchandising methods is that Lima buyers seek quality, and rather than attempt to carry comparison in the eye place goods side by side. It is the only safe way, for wherever unreasonably low prices are given by skimping quality the user of the merchandise must certainly be at a loss in the end. The quality of our merchandise has such well-known high-standard of genuineness that emphasizing the fact is unnecessary, yet if you carry the truth in mind when reading tomorrow's offers you will more fully understand the value of opportunities that have rarely if ever been equalled in Lima's business history.

# MANUFACTURER'S UNLOADING SALE!

**Listen! Learn! and be Benefited,**  
**====Read On!====**

The fact is no doubt known that THE MAMMOTH STORE (E. M. Gallen & Co.) is composed of E. M. Gallen, resident partner, and the Company, one of the largest manufacturing concerns of strictly high grade clothing in the eastern market. This season they prepared for an immense business but met with a severe disappointment. A GREAT PORTION OF THEIR TRADE LIES IN THE ANTHRACITE COAL REGION, AND THE PROLONGED STRIKE HAS COMPLETELY DEMORALIZED BUSINESS. The result is they have thousands of dollars worth of high grade Suits and Overcoats on hand, manufactured for this fall and winter, which their customers in the coal regions have left on their hands. After much deliberation it was decided to unload the goods here in Lima, knowing the Mammoth's great outlet.

The usual output of the Mammoth is not sufficiently great enough to cope with this great stock.—We have therefore concluded to inaugurate A GIGANTIC SALE, a trade event that is without precedent in Lima's history. We must have the support of every MAN, WOMAN and CHILD in Lima and its adjacent towns and villages to carry this sale to a successful issue. In return we pledge our reputation as reliable merchants, to honestly and truthfully fulfill every promise herein set forth.

#### KNIGHTS

**Of Khorassan Will Meet at Sidney.**

**Big Time Arranged for the Entertainment of Two Hundred Visitors.**

The second annual convention of the Ohio Society Dramatic Order Knights of Khorassan will be held at Sidney Wednesday October 23. It is expected that several hundred visitors will be there on that day and the members of El Shereef Temple, says the Sidney News, are making elaborate preparations for their entertainment. Nine tenables will be represented. The sessions will be held in the Odd Fellows hall and the banquet in the evening at the Knights of Pythias hall. The work of initiating a class of twenty candidates will be done in the afternoon by the Marion temple.

At 7 o'clock in the evening a grand spectacular parade and display of fireworks will be given in the principal street of the city, in which every

member taking part will be in full costume. The banquet will be served at 11 o'clock and the following toasts will be responded to: "What We Came From," Walter B. Richie, Lima; "What We Are," John H. Holmes, St. Louis, Mo.; "Imperial Prince," "What We Ought To Be," Arthur E. Kerns, Findlay; "The Convention," Wm. G. Lucas, Marion; "My Troubles," Henry W. **A Private Car**

**Delivered to C. H. & D. by the L. E. & W.**

**And They Went Over the Length of the Tangent Line from Findlay.**

**President Woodford, Vice Pres. Zimmerman and Manager Waldo Accompanied Wabash Officials.**

A special car was detached yesterday noon from the regular C. H. & D. passenger train on the north side and transferred over the L. E. & W. tracks to the Tangent line, where it was attached to the regular train bound for Ft. Wayne says the Findlay Courier. The car was occupied by a large number of high officials of the Wabash system and a number of the C. H. & D. officials, among whom were Eugene Zimmerman principal stockholder in the company and vice president, M. D. Woodford, president of the company; C. H. Waldo, general superintendent, and others. It is said that a portion of the crowd were Wabash officials who on Tuesday held their annual meeting at Toledo, and were on a tour of inspection of the Tangent line, with a view of purchasing that property. The report could not be verified, however, as the car did not remain in the city long enough for its presence to become known.

Making an inspection, President Woodford accompanied by a number of the head officers of the C. H. & D., was in the city yesterday in his private car on a tour of inspection. The distinguished party arrived about 9 o'clock over the Findlay division and transferred over the L. E. & W. to the Ft. Wayne division, leaving here for the Hoosier city before noon—Findlay Republican.

The frame station buildings along the L. E. & W. railroad are being painted the new official color, which is almost a duplicate of the "Big Four Yellow" with maroon trimmings.

All trains on the Pennsylvania road have orders not to whistle in passing through North Robinson, east of Bucyrus, on account of the critical sickness of the agents' wife. The order is the mandate of Supt. McKim and it is needless to say that it is being obeyed.

The second section of the Pennsylvania's limited struck Mrs. Elizabeth Renner at Plymouth yesterday. The lady wanted to cross the tracks and was waiting until a freight train had passed. When the last car passed her she moved out on the tracks just in time to be hit by the oncoming train. She died at 4 o'clock last evening. Mrs. Renner was seventy-one years old and a resident of South Bend.

The Lake Shore has just put in service a large passenger locomotive with several new features. The engine has a single truck in front, has six driving wheels connected, and has a pair of trailers under the firebox to give it a wide space. Its drivers are eighty inches in diameter.

#### THE STAGE.

Music, laughter and nightly surroundings are what the present day theatre goes for, and it is promised that these ingredients have been freely supplied in the new musical comedy, "Busy Izzy," in which Geo. Sidney will be introduced to the patrons of the Faurot opera house to-night.

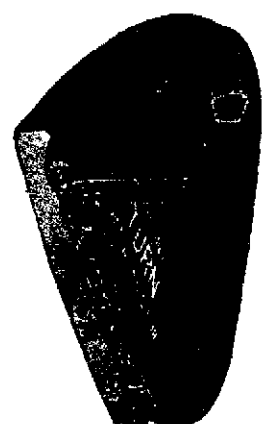

H. D. Stair, the gentleman who is responsible for Sidney's venture, has been catering to theatre-goers with the same kind of bait for the past eight years with his big organization, at the head of which Ward & Vokes have won such prestige as fun makers. Mr. Stair has surrounded Sidney with the same kind of an ensemble. He has staged it just as richly. He has engaged a lot of the best people obtainable to act as aids to the fun making.

Reports of the very big success of "David Harum" continue to come and at this time it does seem as if the comedy taken from Westcott's book, was going to prove to be another "Rip Van Winkle" regarding its lasting qualities. The play is shortly to be presented in this city and this announcement will undoubtedly be received with feelings of pleasure by many who, having read the book, will like to see the scenes it so cleverly described acted in the life David Harum will be presented at Faurot's opera house tomorrow matinee and night.

A splendid company will appear at Faurot's opera house on next Monday, October 20, in the great success "When We Were Twenty-One." "Dick Carewe" the leading character is the quiet bachelor of the period. But he doesn't remain one long Oh, no. The play ends with his head bowed to the yoke of matrimony, and after the most charming four acts ever penned, Dick Carewe ambles gently in double harness, side by side with the beautiful Phyllis Ericson.

#### His Life in Peril.

I just seemed to have gone all to pieces," writes Alfred Bee, of Welfare, Tex., "billiousness and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Only 50c at H. F. The Trustees of Franklin township have brought suit against the Western Ohio railway, says the Sidney News, charging said road with making a cut six feet deep across the township road, running between the lands of John Pinkubine and Della Pinkubine in Franklin township, with intent to lay a railroad track and operate their cars over the road. They allege that the obstruction will interfere with travel over the township road, and that the township is thereby damaged in the sum of \$300. They ask that the Western Ohio railway may be enjoined from making the cut across the road. In the absence of Judge Mathers, a temporary injunction was granted by Judge Hoskins.

Charles Hill, colored, who was ar-  
rested at Muncie, and brought back  
to this city by sergeant Wingate,  
came up this morning. Hill pleaded  
not guilty to the charge of having  
stolen clothes of the value of \$164, be-  
longing to Harry Harris, and the case  
was set for a preliminary hearing next  
Monday at 10 o'clock. The clothes  
were stolen from Harris room on  
north Park avenue, and were pawned  
for \$10, at a second hand store on  
east market street, by a woman. Hill  
claims that he knows nothing concern-  
ing either the woman or the robbery.

Overlooked a Lodging Bill.

Yesterday the police department  
notified the authorities at Van Wert  
to watch a west bound P. Ft. W. & C.  
passenger train and arrest two travel-  
ing men who were accompanied by  
two women and who had registered in  
this city as W. G. Carr and W. A. Hen-  
nessy. The quartette arrived here a  
day or two ago and secured lodging at  
the Werlin hotel and when they de-  
parted, they neglected to pay a bill  
amounting to \$5.25 at that hostelry.  
The police learned that they had  
bought tickets to Van Wert and they  
immediately notified the marshal of  
that place but it has since been learn-  
ed that the quartette went on through  
Van Wert and escaped arrest.

Fines Imposed.

The cases in mayor's court against  
George Shaker and George Suckful  
were given an airing this morning.  
Suckful was charged with drunken-  
ness and it was alleged that Shaffer  
abused officer Billstein for arresting  
the man, whereupon Shaffer was also  
arrested. The latter was fined \$10,  
and Suckful was assessed \$8.

A couple of strangers who were ar-  
rested on suspicion, were released and  
ordered to leave the city.

Wm. Hawkins, colored, charged  
with abusing his family, pleaded not  
guilty to that charge this morning and  
his case was set for a hearing Mon-  
day.

REMAINS

Of Miss Edna Scott are Con-  
signed to Rest.Many Beautiful Floral Offerings  
Testify to the Love and Re-  
spect of Friends.

The last sad rites over the remains  
of Miss Edna Scott, daughter of Mr.  
and Mrs. A. A. Scott, whose recent  
death, which occurred at Colorado  
Springs, Colorado, was mentioned by  
the Times-Democrat, were held from  
the Scott residence yesterday after-  
noon, the Rev. Mills officiating. There  
were many beautiful floral offerings,  
among them being a handsome floral  
piece sent by the members of the high  
school graduating class of 1931. The  
remains were tenderly consigned to a  
final resting place in Woodlawn ceme-  
tery.

Mr. and Mrs. Scott were very grate-  
ful for the beautiful floral tributes  
and for the kindness of their friends  
in their hour of sad bereavement.

Of the Sick Girl Re-  
ported FoundBut He Has Not Yet Ap-  
peared in this City.

The Young Girl is Still a Patient  
in the City Hospital and Her  
Condition is Slightly  
Improved.

The Findlay Republican of today

says:  
Samuel Disney, the man wanted at  
Lima by his daughter who is on her  
death bed, has been located at Elk-  
hart, Ind. The dissemination of the  
news of his daughter's illness in the  
city papers yesterday brought the de-  
sired information. Yesterday morning  
a holler-maker called at the police  
station and informed the lieutenant  
that Disney had been seen in Elkhart  
the day previous, and that he was em-  
ployed in a shop there. The informa-  
tion was at once wired to Mrs. Disney  
at Lima. It is understood that the  
daughter is still alive.

Inquiry at the Lima hospital today  
brought the same reply as it did yester-  
day. The young patient is still  
seriously ill, and nothing has been  
heard from the father. The local  
police also state that nothing has been  
heard at police headquarters concern-  
ing the whereabouts of Disney.

ported Worse Today.

Mrs. H. J. O'Neill, who was seri-  
ously injured Tuesday evening by  
falling into a trench at the rear of her  
home, which was left open, is in a  
critical condition, suffering from the  
shock to her nervous system. She  
was very restless throughout the  
night, and is suffering great pain to-  
day. Her mother, Mrs. George Rutter,  
of North Baltimore, has been sug-

## BASKET BALL

Team Selects Good Material  
for the Year.

Lima is in a fair way to climb up  
the ladder in basket ball before the  
season of 1932 is closed, the reorgani-  
zation of the team at the Y. M. C. A.  
last night promising active partici-  
pation on the part of Laudick, Crosson  
and Hollman, who were three of the  
five that gave Kenton and Yale a  
trimming last year. Dr. Pierce, Rich-  
ard Taylor, Frank MacDonald, Willis  
Klump, Frank Potter, Walter Long-  
worth and Howard Dean have all been  
selected to go into training so that  
the team will have plenty of good ma-  
terial to draw from when they line  
up with their opponents.

The players will be divided into two  
teams for practice work, and the  
games they play together should prove  
exciting enough considering the  
talent.

A cordial invitation is ex-  
tended to all mothers of  
boys who wear Suits and  
Overcoats to "Meet me at  
the Lima House Corner."

MURDER CHARGE.Jury's Report Runs Through Galaxy  
of Crime to Assault.

Red O'Brien Will Answer to Charge of Murder  
in Second Degree and Harvey Bowsher  
to Forgery.

The grand jury after a session  
covering two weeks, eight days of  
which were devoted to the work in  
hand, completed the investigation of  
criminal cases today, and submitted  
a report to Judge Cunningham  
through foreman Haller.

Yesterday afternoon the jury paid  
a visit to the jail, the result of which  
is embodied in the report, but it can  
be said, incidentally, that everything  
at the county house was found in ex-  
cellent condition under the super-  
vision of sheriff Barr and his excellent  
staff.

was turned over to the court with in-

for several days has been seriously  
ill.

A number of cases were ignored,  
among which was the charge of for-  
gery preferred against Harry Rich-  
mond. The others were held for mis-  
demeanors as petit offenses which  
were of a character scarcely warrant-  
ing an indictment, or the proof lack-  
ing that would insure conviction.
